### News Of The New Store

Work on our new building on Pioneer Plaza is progressing nicely. Our Mr. Coblenz leaves this afternoon for New York where he will personally supervise the purchase of our spring stocks. In this connection we want to impress on the public that, notwithstanding our new store will be ready for occupancy this spring, there will be absolutely no interruption in our business. Our regular spring business will be carried on at our present location and the idea we propose to carry out is that we will close one day at our present location and open the following day in the new store.

Interesting news of the new store will appear each week.

## JUAREZ POLICE MAKE BIG OPIUM SEIZURE

Acting on advice from governor Francisco Gonzalez, who is believed to have received his instructions from Mexico City, a shipment of 420 cans of opium were confiscated from the Mexican Express company by the Ciudad Juarez police Friday afternoon. The cargo will have to be returned to the express company by the police, according to new developments in the case, unless the government pays the costs of the shipment, as the opium was sent without paying the charges.

The raid proved to be prematurely made. If the police department had waited a few minutes longer and taken the opium from Ming Wo, to whom it was consigned, and who came after it, after they had taken the opium from the express company, the police would have the credit of making the largest confiscation of opium ever made on the border.

The cargo is valued at about \$8000 American money.

Ming Wo was arrested at the express office.

## POLICE CANNOT GO ARMED TO JUAREZ

El Paso policemen will not be permitted to carry their revolvers when they go to Juarez in future. This order has come to the Juarez police from Mexico City.

Saturday morning city detective George Harold, of El Paso, went to Juarez with his gun strapped on as usual and the immigration officer informed him that he would not be permitted to carry it in Juarez. However, in preference to taking it off he walked back to the El Paso side.

## JUDGE GIVES FREEDOM TO BURNS AFTER BONDSMEN GIVE HIM UP

### Indianapolis Labor Leader Says Outside Men Caused Four Explosions.

Indianapolis, Ind., Jan. 6.—Federal Judge A. B. Anderson, today issued a writ of habeas corpus releasing detective William J. Burns from the custody of the county authorities. His bondsmen had surrendered him to the county criminal court, where he stands indicted on the charge of kidnapping J. J. McNamara.

Out of Town Men Blamed.  
Sergeant P. Meadows, prominent labor leader and business agent of the district council of the International Brotherhood of Carpenters and Joiners, today came forward with the declaration that out of town men caused the four dynamite explosions in this city at midnight on October 24, 1909.

This followed the statement of Charles A. Bookwalter, former mayor, that local labor leaders were informed by him two years ago as to who had directed the explosions of property of Albert Von Spreckelsen an "open shop" contractor.

Meadows' assertion was made in connection with a report that the federal authorities were investigating whether or not other unions were interested with the iron workers in having the Von Spreckelsen property destroyed.

Conference of men alleged to have accomplished the explosions were held in a hotel owned by John Halfman, who said today he had testified before the county grand jury last year that Meadows attended some of these conferences.

This Meadows denied, but he admitted meeting at Halfman's place walking delegates for unions that were endeavoring to persuade non-union men to quit work on one of Von Spreckelsen's contracts near by.

Facing the way for the testimony of Orrie E. McNamara, en route to this city, William J. Burns appeared before the federal grand jury today.

The Burns writ is returnable on January 11, when the case will be argued before Judge Anderson. Burns will offer the plea that in removing John J. McNamara to Los Angeles he was acting within the provisions of the federal statutes and cannot be prosecuted under the Indiana law governing extradition.

The two indictments are pending against Burns and detective Hosack, of Los Angeles, charging kidnapping and conspiracy to kidnap.

Burns testified earlier today before the federal grand jury in connection with the alleged dynamite conspiracy.

Blanket Indictments Returned.  
Los Angeles, Calif., Jan. 6.—Two more blanket indictments were returned today by the federal grand jury in the national dynamite conspiracy case.

WOLGAST'S MANAGER IN SERIOUS AUTO ACCIDENT  
Los Angeles, Calif., Jan. 6.—One man was seriously hurt early today in an automobile smashup, which resulted in the arrest of Tom J. Wolgast, manager of Ad Wolgast, on a charge of reckless driving. The injured man is George Bauer, aged 49, who was hit by the speeding motor car when it ran into his house moving outfit.

The automobile turned turtle and one of Jone's companions was pinned under it, but not seriously hurt.

A fourth member of the party, who escaped in the darkness, was reported to have been Ad Wolgast himself, but this was denied, it being stated that the fighter had not been out of the house since he escaped a threatened attack of pneumonia a few days ago.
